

Foresight Group US, LLC announces completion of Solar acquisition

30 April 2015 San Francisco:

Foresight Group US, LLC (“Foresight US”), part of the international infrastructure and private equity investment manager Foresight Group, is pleased to announce the completion of the acquisition of a 3.6MW plant in Lancaster, California, being the fifth project acquired to-date in the US. Foresight US opened its headquarters in San Francisco in 2013.

The acquisition brings Foresight US’s solar assets to 10.1MW.

Pietro Zeraushek, Managing Partner of Foresight US said *“this acquisition represents another significant step in Foresight’s development in the US and a milestone in respect of Foresight Group replicating its successful international solar business in North America. Foresight Group views the US as a very important growth market for its solar portfolio, which now stands at around 500MW globally”*.
